Please see clauses (c), (d) and (f) of the question with regard to which the file has been sent to this dept.

Clause (c) is somewhat misleading. There is no such DA Bd as 'Kollegal'. It is not clear therefore whether the Hon'ble member refers to the Coimbatore DA Bd or the Kollegal TK Bd. Reference in this clause to high schools & sec. schools would seem to indicate the former as TK Bds have no concern with such schools but since clause (e) & (f) refer to 'schools' in plural, 'elementary schools under the Kollegal TK Bd' is what is apparently meant as there is only one high school at Kollegal maintained by the DA Bd.

2. From the admin report of the Coimbatore DA Bd for 1932-33 it is observed that there is a class for Agriculture in the BTM Kollegal. Nothing however mentioned there about the training given in the elem schools under the Kollegal TK Bd. As the introduction of manual training in high & elementary schools is a subject dealt with in the Edn dept that dept. may be requested to furnish the required information if available.

Clause (C) In this clause, by the term ~~the~~ 'the Dt. Board of Kollegal' the M.L.C. apparently refers to the Dt. Board, Coimbatore and not to the Taluk Board, Kollegal. The Govt never suggested to the Dt Board the introduction of silk industry in the secondary schools under it. It will be seen from the Dt. Board's resolution on p. 7 of file No. 808 (E) Law (Edn) 25-7. 26 that the Board approved the Inspector's recommendation for the introduction of sericulture as a subject of manual training in the Bd. High School, Kollegal, in preference to weaving and carpentry.
